Local Wealth Manager Named Among Top Most Dependable by Goldline Research

David Kaiser Included on the List for the Rocky Mountain Area

DENVER, CO (December 27, 2007) – Local financial advisor David Kaiser ChFC®, AIF®, has been listed among the Top Ten Most Dependable Wealth Managers of the Rocky Mountains 2008 List, published by Goldline Research, the global information company. A Chartered Financial Consultant (ChFC®) and Founder of Pinnacor Financial Group, Kaiser is well versed in all aspects of personal financial planning, including retirement planning, investment management strategies and asset allocation. To be considered for the list, advisors were asked to complete an online survey regarding the details of their practice and their business philosophy. Quantitative criteria including industry accreditations, client losses, absence of substantiated grievances or complaints and customer satisfaction based on Goldline’s proprietary scoring system, were collected and verified.

When asked why he thought Pinnacor Financial was included on this elite list of wealth managers, Kaiser remarked that, “To be dependable in undependable times takes a lot of effort; so to be recognized for that is quite an honor for us. We have built this business on a commitment to integrity, professionalism and service and are proud of our time tested track record.”
